NEXR Technologies SE: Resolution of the Annual General Meeting implemented - STARAMBA SE will from now on operate under the name of NEXR Technologies SE; business segments to operate under their own name in future

Berlin, 21 October 2019

The former STARAMBA SE (XETRA: 99SC) continues to keep up the pace of implementation of its measures for a fresh start. The company has implemented the resolution passed by the Annual General Meeting on 18 September 2019 to change its name to NEXR Technologies SE.

The new name was entered in the commercial register with effect from 9 October 2019. The name change is accompanied by the launch of a new website and logo as part of a consistent corporate identity. The company can now be found at www.nexr-technologies.com. The new name will be implemented promptly in the entire external image.

Under the leadership of Managing Director Markus Peuler, newly appointed on 13 September, the Group is systematically and purposefully working through the defined measures of its restructuring plan. This includes, among other things, a precise definition of the organisational structure. Under the umbrella of NEXR Technologie SE, the business units VR Experience, 3D Scanner Systems and Motion Capture & Animation will in future appear under their own name and logo. The label "VRIDAY" combines VR projects and services, "3D Instagraph" develops and distributes the in-house developed scanner systems and "OnPoint Studios" offers all services around motion capture and animation in one of the largest MoCap studios in Germany.

Through the name change and the comprehensive launch of the associated corporate identity measures, the brand core of NEXR Technologies SE is clearly communicated.

"We have laid the foundation for a comprehensive reset and are implementing the measures of our restructuring plan with speed, passion and a cool head. The name change to NEXR Technologies SE is one of them. It underlines our clear brand message and identity, which we want to communicate to our business partners, customers and the capital market. The business units' own labels enable us to highlight their

About NEXR Technologies

NEXR stands for the development of next generation technologies and apps that combine Augmented Reality (AR), Mixed Reality (MR) and Virtual Reality (VR) to form the next Extended Reality. NEXR Technologies SE from Berlin (XETRA: 99SC) is a Virtual Reality (VR) First-Mover with unique hardware and software expertise. The business segments VR Experience, 3D Scanner Systems and Motion Capture & Animation deal with trend-setting services and products and appear under their own names and labels. VR projects and services are offered under the label "VRIDAY", "3D Instagraph" develops and distributes the self-developed scanner systems and "OnPoint Studios" offers all services around motion capture and animation in one of the largest MoCap studios in Germany. These three business areas work closely together under the umbrella of NEXR Technologies SE. While "VRIDAY" as an agency offers consulting, planning, implementation and publishing of VR Experiences for companies and brands, the technology of the business field "3D Instagraph" is used for the creation of 3D avatars, which can be animated and integrated into virtual worlds with the help of the Motion Capture Studio OnPoint. 3D Instagraph develops and distributes its own 3D scanners and application software. With the help of the scanners photorealistic 3D avatars can be generated in seconds. NEXR Technologies SE is listed in the General Standard of the Frankfurt Stock Exchange.

competencies even more clearly and allow each individual to concentrate more on their own competencies. We are pleased with the goals we have achieved so far. Exciting times are yet to come.," says Markus Peuler, Managing Director of NEXR Technologies SE.

Since the renaming is purely a change of name, the business form will be retained. Essential data such as the commercial register number, bank details and turnover tax ID number, as well as the general terms and conditions, and sales and delivery conditions are retained and are not affected by the change of name.
