About NeXR Technologies

NeXR stands for the development of next-generation technologies and apps that bring Augmented Reality (AR), Mixed Reality (MR) and Virtual Reality (VR) together to create the next Extended Reality (XR). NeXR Technologies SE from Berlin (XETRA: NXR) is a virtual reality (VR) first mover with unique hardware and software expertise. The business units 3D Scanner Systems, Motion Capture & Animation and VR-Experiences deal with future-oriented services and products and are connected within a unique value chain. "3D Instagram" develops and distributes the in-house developed scanner systems; photorealistic 3D avatars can be created in seconds. "OnPoint Studios" offers all services around motion capture and animation in one of the largest MoCap studios in Germany and can animate the avatars directly and individually from the 3D scanner. The logical addition to the value chain is the brand and VR agency "VRriday", which integrates the avatars into VR Experiences and, as an agency, offers consulting, implementation and publishing of VR Experience for companies. NeXR Technologies SE is listed in the General Standard of the Frankfurt Stock Exchange.
